Datasheet

intact Premium-Power Truck

Closed EFB battery | vibration-proof according to V4 standard | filled and charged | maintenance-free

Art.No.

PP230MF

Volt	12V
Capacity	235 Ah (c20)
CCR -18°C (EN)	1200 A (EN)
Electrolyte	diluted sulphuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25° C)
Size (LxWxH)	518 x 276 x 242 mm
Weight	58,2 kg
Pos. of Terminal	**3**
Terminal	**1**
Bodenleiste	**-**

Usage

Truck battery with 30 % extra starting power

The **intAct Premium-Power Truck** is a high-performance premium truck battery for commercial vehicles with high energy requirements and extensive electrical equipment. It is ideal for daily use in city traffic, on construction sites or in vehicles with many comfort and additional consumers. Thanks to improved current consumption, the battery charges significantly faster than conventional starter batteries and at the same time delivers up to 30% more starting power with the same box size. The special double lid with labyrinth system also ensures increased leakage protection and gas condensation.

Advantages at a glance:

- For trucks and commercial vehicles with high energy requirements
- **30 % more starting power** compared to standard starter batteries
- **Faster charging** for shorter charging times
- Ideal for **short distances, urban traffic and construction site use**
- **Double cap technology** for increased leakage protection and gas condensation
- **Minimal self-discharge** and high temperature resistance
- **Maintenance-free** and reliable in daily use
- **Filled and charged** - ready for immediate use
