Usage

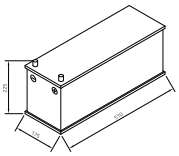

For the heaviest loads

The **intAct Traktion-Power PzS** is a robust traction battery designed for intensive, cyclical use. With **tubular plate technology**, it offers **high capacity, durability and shock resistance** It is extremely cycle-resistant and is ideal for professional use in harsh environments.The battery is supplied filled and charged and is ready for immediate use.

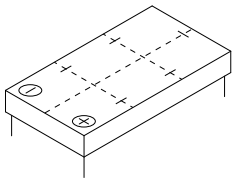

Advantages at a glance:

- For cyclical use
- **Armored plate technology** for high load capacity
- **Increased vibration resistance**
- **Immediately ready for use** (filled and charged)
