Usage

Top performance at a great price

Developed for performance and extreme high-current capability at an absolutely perfect price-performance ratio. For almost all standard cars without many additional installations and other electrical consumers. Our recommendation for standard applications with low requirements and the best price-performance ratio.

- » **Powerful and reliable.**
- » **Double lid for increased leakage protection and gas condensation** (gaseous electrolyte condenses in the labyrinth lid and remains in the circuit).
- » **Filled and charged. Ready for immediate use.**
- » **Maintenance-free. No refilling of water necessary.**
