## Usage

## Top performance at a great price

Developed for performance and extreme high-current capability at an absolutely perfect price-performance ratio. For almost all standard cars without many additional installations and other electrical consumers. Our recommendation for standard applications with low requirements and the best price-performance ratio.

- » Powerful and reliable.
- » Double lid for increased leakage protection and gas condensation (gaseous electrolyte condenses in the labyrinth lid and remains in the circuit).
- » Filled and charged. Ready for immediate use.
- » Maintenance-free. No refilling of water necessary.
