Usage

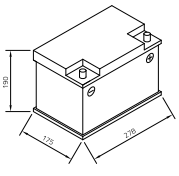

Top performance at a great price

The starter batteries in the **intAct Start-Power** series stand for reliable starting currents with the best price-performance ratio. These calcium batteries are ideal as starter batteries for cars, vans and other vehicles with little to no additional electrical consumers. The **intAct Start-Power** batteries are **very powerful, maintenance-free** and **very reliable.** The **double lid** ensures **increased leakage protection** and gas recondensation. The batteries are supplied filled and charged and are therefore **immediately ready for use**.

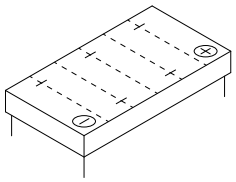

Advantages at a glance:

- Reliable standard starter batteries with a good **price-performance ratio**.
- Ideal for vehicles with little to no additional equipment.
- **Maintenance-free** and with double lid for **increased leakage protection** and gas recondensation.
