

intAct Start-Power

Closed calcium battery (Ca/Ca) | filled and charged | maintenance-free

Art.No.

60010GUG

Volt	12V
Capacity	100 Ah (c20)
CCR -18°C (EN)	850 A (EN)
Electrolyte	diluted sulphuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25° C)
Size (LxWxH)	315 x 175 x 190 mm
Weight	21,4 kg
Pos. of Terminal	0
Terminal	1
Bodenleiste	B13

Usage

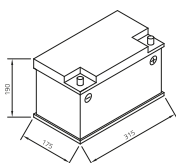

Top performance at a great price

The starter batteries in the **intAct Start-Power** series stand for reliable starting currents with the best price-performance ratio. These calcium batteries are ideal as starter batteries for cars, vans and other vehicles with little to no additional electrical consumers. The **intAct Start-Power** batteries are **very powerful, maintenance-free** and **very reliable**. The **double lid** ensures **increased leakage protection** and gas recondensation. The batteries are supplied filled and charged and are therefore **immediately ready for use**.

Advantages at a glance:

- » Reliable standard starter batteries with a good **price-performance ratio**.
- » Ideal for vehicles with little to no additional equipment.
- » **Maintenance-free** and with double lid for **increased leakage protection** and gas recondensation.
