Datasheet

intAct Start-Stop-Power AGM Truck

Sealed AGM battery | Electrolyte bound in mat | Pre-filled and pre-charged | absolutely maintenance-free

Art.No.

AGM225SS

Volt	12V
Capacity	225 Ah (c20)
CCR -18°C (EN)	1250 A (EN)
Electrolyte	
Electrolyte density	
Size (LxWxH)	518 x 276 x 242 mm
Weight	62 kg
Pos. of Terminal	**3**
Terminal	**1**
Bodenleiste	**-**

Usage

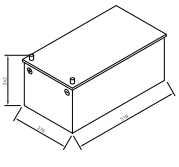

More power for modern commercial vehicles.

The **intAct Start-Stop-Power AGM Truck** is a high-performance commercial vehicle battery designed for modern trucks with increased energy demands and start-stop systems. It impresses with its high cycle life, strong cold-start performance, and particularly good recharge behavior in the partial-charge range. This makes it ideal for vehicles with comfort features, auxiliary electrical loads, or frequent short-distance and city driving. The sealed, maintenance-free design also ensures high operational reliability and a long service life.

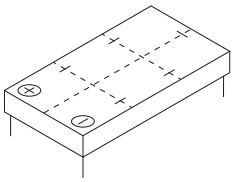

Advantages at a Glance:

- For modern trucks and commercial vehicles with increased energy requirements
- **Excellent starting performance** even at low state of charge and low temperatures
- **Higher cycle life and cold-cranking performance** than standard starter batteries
- **Fast recharge** in the partial-charge range
- Ideal for **start-stop systems**, city driving, and auxiliary electrical loads
- **Sealed AGM battery** with lead-calcium-tin grids
- **Double-sealed lid with safety valve (VRLA),** gas recombination, and backfire protection
- **Leak-proof** and rugged for daily commercial vehicle use
- **Filled and charged** — ready for immediate use
