Datasheet

intact Start-Stop-Power EFB Truck

Closed EFB battery | vibration-proof according to V4 standard | filled and charged | maintenance-free

Art.No.

EFB230SS

Volt	12V
Capacity	235 Ah (c20)
CCR -18°C (EN)	1200 A (EN)
Electrolyte	diluted sulphuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25° C)
Size (LxWxH)	518 x 276 x 242 mm
Weight	60,7 kg
Pos. of Terminal	**3**
Terminal	**1**
Bodenleiste	**-**

Usage

More than just starting.

The **intAct Start-Stop-Power EFB Truck** is a high-performance commercial vehicle battery for modern trucks with increased energy requirements and start-stop systems. It impresses with its high cycle stability, strong cold-start performance and particularly good recharging behavior in the partial charge range. This makes it ideal for vehicles with comfort functions, additional consumers or frequent short-distance and urban traffic. The closed and maintenance-free design also ensures high operational reliability and a long service life.

Advantages at a glance:

- For modern trucks and commercial vehicles with increased energy requirements
- **Very good starting behavior** even with a low state of charge
- **Higher cycle stability and cold-start performance** than standard starter batteries
- **Fast recharging** in the partial charge range
- Ideal for **start-stop systems**, city traffic and additional consumers
- **Closed, maintenance-free design** with lead-calcium-tin grids
- **Double cap with central degassing and backfire protection**
- **Leak-proof** and robust for daily commercial vehicle use
- **Filled and charged** - ready for immediate use
