Datasheet

intAct Start-Stop-Power EFB

Closed EFB (Enhanced Flooded Battery) | filled and charged | maintenance-free

Art.No.

EFB60SS

Volt	12V
Capacity	60 Ah (c20)
CCR -18°C (EN)	640 A (EN)
Electrolyte	diluted sulphuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25° C)
Size (LxWxH)	242 x 175 x 190 mm
Weight	16,8 kg
Pos. of Terminal	**0**
Terminal	**1**
Bodenleiste	**B13**

VRLA READY EU OE QUALITY 99%

Usage

TAXI

Start. Stop. Keep charging.

The **intAct Start-Stop-Power EFB** was specially developed for modern vehicles with a start-stop system and combines **performance, durability and reliability.** Thanks to **EFB technology (Enhanced Flooded Battery)**, it offers **higher cycle stability** and **better cold-start performance** than conventional lead batteries - ideal for vehicles with frequent start-stop processes.

Advantages at a glance:

- **Higher cycle stability** for longer service life
- **Reliable cold start**, even at low temperatures
- **Cost-effective** than an AGM start-stop battery. **Attention: AGM may only be replaced by AGM, not by EFB!**
- **Maintenance-free** - no topping up necessary
