

intAct Start-Stop-Power EFB Asia

Closed EFB (Enhanced Flooded Battery) | filled and charged | maintenance-free

Art.No.

EFB68SS-1-ASIA

Volt	12V
Capacity	68 Ah (c20)
CCR -18°C (EN)	730 A (EN)
Electrolyte	diluted sulphuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25° C)
Size (LxWxH)	260 x 175 x 225 mm
Weight	19,5 kg
Pos. of Terminal	1
Terminal	1
Bodenleiste	B01

Usage

Start. Stop. Keep charging.

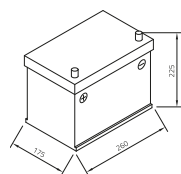

The intAct Start-Stop-Power EFB was specially developed for modern vehicles with a start-stop system and combines **performance, durability and reliability**. Thanks to **EFB technology (Enhanced Flooded Battery)**, it offers **higher cycle stability** and **better cold-start performance** than conventional lead batteries - ideal for vehicles with frequent start-stop processes.

Advantages at a glance:

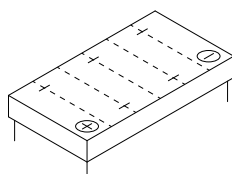

- » **Higher cycle stability** for longer service life
- » **Reliable cold start**, even at low temperatures
- » **Cost-effective** than an AGM start-stop battery. **Attention: AGM may only be replaced by AGM, not by EFB!**
- » **Maintenance-free** - no topping up necessary
