Usage

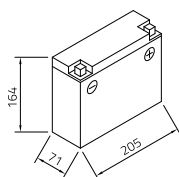

For heavy loads, including ABS

The **intAct Bike-Power GEL** series is the ideal choice for motorcyclists who rely on **high-performance and long-lasting** batteries. Thanks to **gel technology**, the electrolyte is gel-like, which makes the battery **absolutely leak-proof, extremely vibration-resistant and particularly durable**. With up to **30% more starting power** than conventional motorcycle batteries and **very low** self-discharge, it remains reliable even after long periods of inactivity. Perfect for seasonal vehicles such as off-road motorcycles, jet skis, snowmobiles or lawnmower tractors.

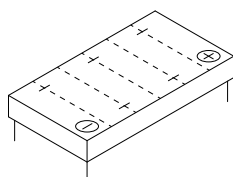

Advantages at a glance:

- » **Up to 30% more starting power** than conventional motorcycle batteries
- » **Highest cycle stability**, more durable than wet or AGM batteries
- » **Low self-discharge**, ideal for longer downtimes
- » **High vibration resistance** for demanding applications
- » **Completely maintenance-free & leak-proof** thanks to gel technology
