

intAct Bike-Power Lithium

Sealed maintenance-free lithium-iron-phosphate battery (LiFePO4) | absolutely maintenance-free

Art.No.

LI-17

Japancode
LTM7L

Volt	12,8V
Capacity	2 Ah (c10), 24 Wh
CCR -18°C (EN)	120 A (CCA)
Electrolyte	
Electrolyte density	≥1000
Size (LxWxH)	107 x 56 x 85 mm
Weight	0,6 kg
Pos. of Terminal	0
Terminal	Schraubanschluss
Bodenleiste	-

Usage

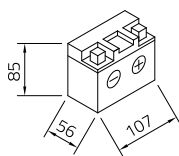

Small powerhouse with a long service life

The **intAct Bike-Power Lithium** motorcycle batteries offer premium performance for every motorcycle, whether **standard or custom bike**. With just 12 types, this series covers almost every need. The **LiFePO4 lithium technology** saves up to 75% in weight compared to conventional batteries and delivers **highest starting currents** despite its compact size. **Thanks to** low self-discharge **and** fast recharging, **these batteries offer exceptional performance**. The **integrated BMS** (battery management system) with balancing** ensures a long service life.

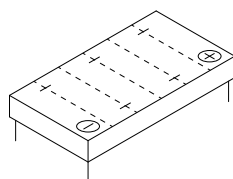

Advantages at a glance:

- » **Up to 75% weight saving**
- » **Low self-discharge** and fast charging
- » **Almost 100% usable capacity**
- » **Battery management** with balancing
- » **LED indicator** for checking the charge status
- » **Adhesive adapter pads** to adapt to any battery compartment
