

# intAct Bike-Power Lithium

Sealed maintenance-free lithium-iron-phosphate battery (LiFePO4) | absolutely maintenance-free

Art.No.

**LI-17**

Japancode  
LTM7L

Volt	12,8V
Capacity	2 Ah (c10), 24 Wh
CCR -18°C(EN)	120 A (EN)
Electrolyte	
Electrolyte density	≥1000
Size (LxWxH)	107 x 56 x 85 mm
Weight	0,6 kg
Pos. of Terminal	0
Terminal	Schraubanschluss
Bodenleiste	-

## Usage

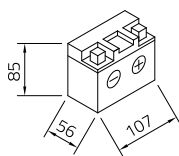

## Small powerhouse with a long service life

The **intAct Bike-Power Lithium** motorcycle batteries offer premium performance for every motorcycle, whether **standard or custom bike**. With just 12 types, this series covers almost every need. The **LiFePO4 lithium technology** saves up to 75% in weight compared to conventional batteries and delivers **highest starting currents** despite its compact size. **Thanks to** low self-discharge **and** fast recharging, **these batteries offer exceptional performance**. The **integrated BMS** (battery management system) with balancing\*\* ensures a long service life.

### Advantages at a glance:

- » Up to 75% weight saving
- » Low self-discharge and fast charging
- » Almost 100% usable capacity
- » Battery management with balancing
- » LED indicator for checking the charge status
- » Adhesive adapter pads to adapt to any battery compartment
