Datasheet

intAct Flooded-Power - Marine & Leisure

Closed lead-acid battery with reinforced grid plates | filled and charged | low maintenance

Art.No.

SP115GUG

Volt	12V
Capacity	80 Ah (c5), 100 Ah (c20), 115 Ah (c100)
CCR -18°C (EN)	-
Electrolyte	diluted sulphuric acid
Electrolyte density	1,28 +/- 0,01 Kg/l (25° C)
Size (LxWxH)	349 x 175 x 239 mm
Weight	18 kg
Pos. of Terminal	**0**
Terminal	**1**

Usage

intAct Flooded-Power - Marine & Leisure

The **intAct Flooded-Power - Marine & Leisure** is a robust supply battery for motorhomes, boats, campers and solar systems. With **proven lead-calcium technology**, it offers high cycle stability and a long service life. Despite its closed housing, it requires some maintenance. Its **vibration and shock resistant design** ensures reliable performance even under harsh conditions. Versatile and durable, it is the ideal choice for a safe and constant power supply.

Advantages at a glance:

- **Reliable and robust:** A powerful supply battery for a wide range of applications.
- **Versatile applications:** Perfect for motorhomes, boats, campers and solar systems.
- **High performance:** Advanced lead-calcium technology for high cycle stability and a long service life.
- **Low maintenance:** The sealed housing protects against external influences such as moisture and dust.
- **Longevity:** Vibration and shock resistant for reliable operation in tough conditions.
